Mickey Fulp, The Mercenary Geologist

[Mickey@MercenaryGeologist.com](mailto:mickey@mercenarygeologist.com)

**Cordially invites you to attend the
[Fall 2009 Chicago Resource Expo](#)**

**Opening Workshop 2:30-4:00 pm November 6, 2009
Rolling Meadows Holiday Inn
Rolling Meadows, Illinois**

I will be giving a formal presentation in my educational series:

**Junior Resource Stocks: A Primer for the Lay Investor
Resources and Reserves**

I will review the criteria for determining and categorizing resource and reserve estimates and the important differences between them. There will be an informal question and answer session after the presentation.

In addition, I will appear on two panel discussions taking questions from the audience on macroeconomics, geopolitics, commodities, investing, and the junior resource market: **November 6, 7:00 pm and November 7, 12:00 pm.**

I look forward to chatting with my loyal subscribers and meeting new readers in the Chicago area.
