# Geology Careers in the Exploration and Mining Industry

Michael S. "Mickey" Fulp, Consulting Geologist, Albuquerque NM

**Mr Fulp will be available for individual 15 minute career counseling interviews after the talk. Interested students should sign-up in the department office and bring one page resumes.**

The Mercenary Geologist Michael S. "Mickey" Fulp is a Certified Professional Geologist with a B.Sc. Earth Sciences with honors from the University of Tulsa, and M.Sc. Geology from the University of New Mexico. Mickey has over 30 years experience as an exploration geologist searching for economic deposits of base and precious metals, industrial minerals, coal, uranium, oil and gas, and water in North and South America, Europe, and Asia.

Mickey has worked for junior explorers, major mining companies, private companies, and investors as a consulting economic geologist for the past 22 years, specializing in geological mapping, property evaluation, and business development. In addition to Mickey's professional credentials and experience, he is high-altitude proficient and is bilingual in English and Spanish. From 2003 to 2006, Mickey made four outcrop ore discoveries in Peru, Nevada, Chile, and British Columbia.

Mickey is well-known throughout the mining and exploration community for his ongoing work as an analyst, newsletter writer, and speaker. Please visit his website: [www.MercenaryGeologist.com](http://www.MercenaryGeologist.com).
